MARKING GUIDELINES/NASIENRIGLYNE

2022

MARKS: 150 *PUNTE: 150*

These marking guidelines consist of 20 pages./ Hierdie nasienriglyne bestaan uit 20 bladsye.

SC/SS/NSC/NSS – Marking Guidelines/Nasienriglyne

NOTE:

- If a candidate answers a question TWICE, mark only the FIRST attempt.
- If a candidate has crossed out an attempt at an answer and not redone the question, mark the crossed-out version.
- Consistent accuracy applies in ALL aspects of the marking guidelines. Stop marking at the second calculation error.
- Assuming answers/values in order to solve a problem is NOT acceptable.

LET WEL:

- As 'n kandidaat 'n vraag TWEE KEER beantwoord, sien slegs die EERSTE poging na.
- As 'n kandidaat 'n antwoord van 'n vraag doodtrek en nie oordoen nie, merk die doodgetrekte poging.
- Volgehoue akkuraatheid word in ALLE aspekte van die nasienriglyne toegepas. Hou op nasien by die tweede berekeningsfout.
- Aanvaar van antwoorde/waardes om 'n probleem op te los, word NIE toegelaat nie.

| | GEOMETRY • MEETKUNDE |
|------------|--|
| C | A mark for a correct statement (A statement mark is independent of a reason) |
| S | 'n Punt vir 'n korrekte bewering ('n Punt vir 'n bewering is onafhanklik van die rede) |
| R | A mark for the correct reason (A reason mark may only be awarded if the statement is correct) |
| K | 'n Punt vir 'n korrekte rede ('n Punt word slegs vir die rede toegeken as die bewering korrek is) |
| S/R | Award a mark if statement AND reason are both correct |
| 5/K | Ken 'n punt toe as die bewering EN rede beide korrek is |
